The Motor Club of America in collaboration with TVC Matrix has taken the network marketing industry by storm. The Motor Club of America, for the first time in its 86 year existence, has implemented an **Associate Referral Program** and it is by far the most lucrative compensation plan within the auto club membership benefits industry.

Motor Club of America does NOT charge anyone a fee in order to become an Associate within the MCA associate referral program, and this in itself indicates that the business model utilized by the Motor Club of America, and TVC is legitimate.

Obtaining FULL Motor Club of America (MCA) benefits together with becoming an MCA business associate provides incredible earning possibilities for anyone, from work at home mom and dads, students, elderly people, retirees, p/t and f/t working adults, and professional internet marketers alike.

When a prospective MCA member purchases a Total Security Member Benefits package they simply prepay for 2 months at \$19.95 which rounded off is only \$40 and then the cost for retaining the Total Security Member Benefits package is only \$19.95 per month thereafter. **The cost is purely for membership. There are NO costs associated with becoming an MCA referral business associate.**

The Motor Club of America in conjunction with TVC has put together a VERY lucrative compensation plan. When a Motor Club of America member shares the MCA membership benefits package with someone, and that person decides to take advantage of the MCA package, and purchases an MCA **Total Security Plan** by simply prepaying for two months at \$40, the MCA member who referred that person to the program will receive a check from MCA for \$80 the following week either by UPS or direct deposit (your choice).

Choose an MCA Plan	Monthly Cost	PrePay 2 Months	Sponsor Doubles Their Money & Receives
Total Security	\$19.95	\$40	\$80
Security Plus	\$14.95	\$30	\$60
Security	\$9.95	\$20	\$40

You may be asking yourself, how can MCA pay out more to their Associates than the customer immediately pays in without going out of business, and the answer is this... Motor Club of America has been in business since 1926. The company is well respected, trusted, managed extremely well, and they know that members retain their memberships for well over 2 months due to the array of benefits being offered at an affordable price that fits everyone's budget. The Motor Club of America has been coming through for its members for close to 100 years.

MCA pays their Associates every week on Fridays, so get your Motor Club of America Total Security Plan, or the Plan of your choice, and **DOUBLE YOUR MONEY** by next week by simply sharing your membership benefits with everyone you come in contact with on line and off.
